

Rechargeable Lithium-Ion Battery Pack

This rechargeable lithium-ion battery pack is designed for electronic devices. It provides portable power for compatible devices and ensures reliable performance.

Product Overview

High-Performance Portable Power

This rechargeable lithium-ion battery pack is engineered to provide reliable and consistent power for a variety of electronic devices. Its compact and lightweight design ensures portability, making it an excellent solution for on-the-go power needs. Built for efficiency, this unit is a dependable choice for maintaining device operation in diverse environments.

Technical Specifications

Design Features

Compact • Lightweight • Rechargeable

Battery Chemistry	Lithium-Ion (Li-ion)
Compatible Models	NP-FD1, BD1
Primary Application	Portable electronic devices
