

Rechargeable Oscillating Fan with LED Lights

This rechargeable fan features a 14-inch oscillating fan head with high and low speed options. It includes two bright LED lights for emergency and automatic light-up functionality, along with overdischarge and overcharge protection.

Product Overview

Portable Comfort and Illumination

This 14-inch rechargeable oscillating fan offers a versatile cooling solution designed for both convenience and reliability. Equipped with a powerful sealed lead-acid battery, it provides multi-speed cooling and integrated bright LED lighting for emergencies. With advanced overcharge and overdischarge protection, this fan is an ideal choice for home, office, or outdoor environments where consistent performance is required.
