

Rechargeable Oscillating Table Fan with LED Light

This rechargeable fan provides portable cooling with multiple speed settings controlled by push buttons. It features a rechargeable battery for cordless operation and an integrated LED light.

Product Overview

Versatile Cordless Cooling and Lighting

This multifunctional oscillating table fan is designed to provide reliable cooling and emergency illumination in various professional and home environments. Equipped with a rechargeable sealed lead-acid battery, it offers the flexibility of both AC and DC operation for cordless mobility. Enhanced safety features include overcharge and overdischarge protection, ensuring longevity and safe daily use.

Technical Specifications

Battery Capacity

5 Ah Max Capacity

System Voltage

6 V

Fan Diameter

8 in

Features

Integrated Protections

- Overcharge Protection
- Overdischarge Protection
- Protective blade grill

Operation Modes

AC Powered, DC Powered, Oscillating, Automatic Emergency Light-up
