

Rechargeable Portable Fluorescent Lantern

This rechargeable lantern provides portable illumination for camping and emergency use. It features a 20W fluorescent tube, a wall mount, and a pull switch for alternative power mode.

Product Overview

Versatile Emergency Lighting

This rechargeable portable fluorescent lantern is designed for reliability in both professional and emergency settings. It features a high-performance 20W fluorescent tube encased in a durable, protective housing for long-lasting illumination. With dual AC/DC operation and automatic activation during power failures, this lantern ensures constant visibility when you need it most.
