

Rechargeable Portable Fluorescent Lantern with Emergency Light

This rechargeable lantern features a 2x6W fluorescent tube, torch, and blinker. It can be wall-mounted and automatically lights up during power failures.

Product Overview

Versatile Emergency Lighting

This rechargeable portable fluorescent lantern provides a reliable lighting solution for both indoor and outdoor environments. Engineered with emergency functionality, the unit automatically illuminates during power failures to ensure safety and visibility. Its robust construction and built-in handle make it a highly portable and durable choice for professional and emergency use.
