

Rechargeable Portable Fluorescent Lantern with Torch

This rechargeable lantern features 2x6W fluorescent tubes and a built-in torch. It is designed for wall mounting and automatically lights up during power failures.

Product Overview

Versatile Emergency Lighting Solution

This rechargeable portable lantern is designed to provide reliable illumination for both indoor and outdoor environments. It features a dual-function design with two 6W fluorescent tubes for area lighting and an integrated torch for focused beams. Engineered for safety and convenience, the unit automatically activates during power failures, making it an essential tool for emergency preparedness, camping, and general utility tasks.
