

Rechargeable Portable LED Desk Fan

This portable fan features a rechargeable sealed lead-acid battery and a bright circular LED light. It has selectable high or low wind settings, with overdischarge and overcharge protection.

Product Overview

Versatile Portable Cooling and Lighting Solution

This rechargeable portable desk fan offers a dual-function design, combining efficient airflow with a 48-LED circular light source. Engineered for convenience, it features an integrated sealed lead-acid battery, making it an excellent choice for indoor use, camping, or emergency preparedness. With built-in overcharge and overdischarge protection, this device ensures safety and longevity during regular operation.
