

Rechargeable Wall Mountable Fluorescent Lantern

This rechargeable lantern can be wall-mounted or used with its stand. It automatically lights up during power failures and uses a 20W fluorescent tube.

Product Overview

Versatile Emergency Lighting Solution

This rechargeable fluorescent lantern provides reliable illumination for both domestic and commercial environments. Designed for flexibility, it functions as both a wall-mounted fixture and a portable freestanding light, ensuring you have backup lighting when you need it most. Its integrated automatic power failure detection makes it an essential safety asset for ensuring workspace continuity.
