

Reciprocating Saw Blade Set, 21 Pieces

This 21-piece set provides a variety of blades for reciprocating saws. It is designed for cutting diverse materials like wood, metal, and pipes.

Product Overview

Comprehensive Cutting Solution

This 21-piece reciprocating saw blade set provides a versatile assortment of blades designed for cutting a wide range of materials, including wood, metal, sheet metal, rebar, and pipes. Featuring a variety of lengths and tooth configurations, this set is engineered for both professional and DIY applications. The inclusion of both Bi-Metal (BIM) and High Carbon Steel (HCS) blades ensures optimal performance across different cutting tasks.

Technical Specifications

Blade Composition

Quantity	Length	TPI	Material Type	Application
2	4"	24	BIM	Metal
4	6"	6	HCS	Wood
4	6"	8	HCS	Wood
2	6"	14	BIM	Metal
2	6"	18	BIM	Metal
2	6"	24	BIM	Metal
2	9"	3	HCS	Wood
2	9"	5	HCS	Pruning
1	9"	14	BIM	Metal

Total Pieces

21 pcs

Pieces per Set

Blade Materials

Bi-Metal (BIM), High Carbon Steel (HCS)

Packaging

Packaging Format

Double Blister
