

Rectangular Cool Mist Humidifier

This humidifier increases humidity levels in indoor environments. It features a top-mounted mist outlet and a front-mounted control knob.

Product Overview

High-Capacity Ultrasonic Humidification

This rectangular cool mist humidifier is designed for demanding indoor environments, offering a robust 23-liter capacity for extended operation. Featuring an ultrasonic design with adjustable mist output, it provides precise control over humidity levels via a simple knob interface. The top-fill design ensures ease of maintenance, while the auto-shutoff safety feature provides peace of mind during continuous use.

Technical Specifications
