

Rectangular LED 3.7mm x 3.7mm

This rectangular LED measures 3.7mm x 3.7mm. It is suitable for indicator and display applications requiring a compact and bright green light source.

Overview

Rectangular LED Overview

This rectangular LED, measuring 3.7mm x 3.7mm, is designed for high-precision indicator and display applications. Its distinct rectangular form factor ensures easy alignment and efficient space utilization within electronic assemblies. Providing a reliable green light source, it is an ideal component for professional-grade instrumentation and signaling devices.

Physical Dimensions

Width	3.7 mm
Height	3.7 mm
Shape	Rectangular

Technical Details

Light Color	Green
Model Identifiers	BT-, 27D-30/31
