

Red and Silver Step-Through Motorcycle

This motorcycle has a step-through frame design and is finished in red and silver. It features a single-cylinder engine, front fairing with integrated headlight, chrome exhaust, and rear luggage rack.

Overview

Versatile Step-Through Motorcycle

This red and silver standard motorcycle features a practical step-through frame design, making it an ideal choice for both urban commuting and rural transportation needs. Equipped with a reliable single-cylinder engine and a sturdy rear luggage rack, it balances utility with classic styling. The inclusion of a front fairing with an integrated headlight and telescopic front suspension ensures a comfortable and safe riding experience.
