

Reflective Warning Triangle for Roadside Safety

This reflective warning triangle is designed to alert drivers to roadside breakdowns or emergencies. It features a foldable design for easy storage and deployment, ensuring increased visibility and safety.

Overview

Roadside Safety Warning Triangle

This reflective warning triangle is designed for maximum visibility during roadside emergencies. Engineered to meet FMVSS125 standards with DOT authentication, it provides reliable performance in critical situations. Its compact, foldable design allows for convenient storage in vehicle trunks, ensuring quick deployment when needed most.
