

Refrigerant Recovery Unit

This is a high-performance refrigerant recovery unit. It is designed for efficient and reliable refrigerant recovery and is suitable for a wide range of refrigerants.

Overview

Professional Recovery Solutions

The Standard Series refrigerant recovery unit is designed for high-performance and reliable refrigerant extraction. Built with robust materials to endure demanding HVAC/R service environments, it offers both fast recovery rates and user-friendly operation. This unit serves as an essential tool for technicians requiring efficiency and consistency in daily service tasks.

General Specifications

Model	VRR24L
Applications	HVAC, Refrigeration, Service Professional
High Performance Grade	Yes
