

# Refrigerant Recovery Vacuum Pump

This vacuum pump is designed for refrigerant applications and features robust construction for durability. It can be operated with both AC and DC power sources.

## Product Overview

### High-Performance Vacuum Pump

This professional-grade vacuum pump is engineered for efficient evacuation in HVAC and refrigeration applications. Designed for reliability and longevity, it features a robust construction suitable for demanding environments. The unit offers versatile operation capabilities and is built for portability and ease of use.

## Technical Specifications

Power Compatibility	AC & DC Operation
Voltage	220V~/50Hz
Power	0.25 HP
Compatible Models	V-i210H, V-i220H

## Performance Metrics

### Key Performance Metrics

**4 CFM**

Free Air Displacement

**150 Micron**

Ultimate Vacuum

**220 ml**

Oil Capacity
