Overview

Professional Rental Power Solution

This silent generator set is engineered for demanding rental environments, including mining, construction, and industrial power applications. It features a robust, weather-resistant enclosure designed for noise reduction and long-term durability. With comprehensive compliance to Australian standards and a focus on safety and ease of maintenance, it provides a reliable power source for temporary energy needs.

Performance

Power Output Range

6.5 kVA
Minimum Power

3000 kVA
Maximum Power

Noise Level

67 dB

Compliance & Standards

Certified Standards

AS/NZS 3000-2018, AS/NZ 3010-2017, AS 1674, ISO 8528
