

# Retractable Air Hose Reel with 50-Foot Hose

This retractable air hose reel provides convenient storage and deployment of air hoses. It features a durable casing, spring-loaded retraction, and a 50-foot long, 3/8-inch diameter air hose.

## Overview

### Professional Retractable Air Solution

This retractable air hose reel features a lightweight and ergonomic design housed in a reinforced, impact-resistant PP case. Equipped with a 50-foot hybrid hose, it maintains exceptional flexibility even in freezing temperatures ranging down to -20°. The unit is designed for ease of use with a 180-degree swivel mounting bracket, a tangle-free mechanism, and a convenient carry handle for maximum portability and accessibility in workshops.
