

# Retractable Blade LED Ceiling Fan

This decorative ceiling fan features retractable blades that conceal when not in use. It includes an integrated LED lighting system for ambient illumination.

## ADDITIONAL IMAGES

## Overview

### Modern Retractable Ceiling Fan

This 42-inch retractable ceiling fan combines efficient air circulation with integrated LED lighting, perfect for modern living spaces. The design features a pure copper DC motor for reliable performance and quiet operation. With retractable blades that hide when not in use, it offers a clean, minimalist aesthetic suitable for bedrooms, living rooms, or dining areas.
