

# Retractable Blade Utility Knife

This utility knife features a retractable blade mechanism for safe and convenient use. Designed for cutting various materials, it is suitable for both professional and DIY applications.

## Product Overview

### Versatile Professional Cutting Tool

This retractable blade utility knife is engineered for reliability in both professional trade environments and demanding DIY projects. Featuring an ergonomic design with a secure, comfortable grip, it provides superior control for precision cutting tasks. The retractable mechanism ensures user safety when the tool is not in use, while the durable construction ensures longevity under frequent operational conditions.

## Key Features

### Suitable Applications

- Professional construction sites
- DIY home improvement projects
- General material cutting
