

Retractable Blade Utility Knife

This utility knife features a retractable blade for safety and ease of use. It has a contoured handle and a lanyard hole.

Product Overview

Professional Retractable Utility Knife

This durable retractable utility knife is designed for versatile use in professional environments. Featuring a contoured handle for superior ergonomic grip, it ensures comfort during extended operation. The precision thumb-slide mechanism allows for smooth blade extension and retraction, while the integrated lanyard hole provides convenient storage and accessibility for onsite work.
