

Retractable Corded Optical Mouse

This retractable corded optical mouse provides a space-saving solution for computer users. The high-precision optical sensor ensures smooth and accurate tracking on various surfaces.

Product Overview

Compact Convenience

The Retractable Corded Optical Mouse offers a convenient and space-saving solution for modern computer users. Featuring a high-precision optical sensor, this device ensures smooth and accurate tracking across a variety of surfaces. Its innovative retractable cord design effectively prevents tangling while allowing for effortless storage and portability, making it an ideal companion for both desktop and laptop environments.

Technical Specifications

Connectivity	USB
Sensor Technology	Optical
Operating System Compatibility	Windows, macOS, Linux

Design & Ergonomics

Portability Features

Retractable Cord • Tangle-Free • Compact

Ergonomic Design	Yes
