

Retractable Metal Measuring Tape, 5 Meter

This measuring tape extends to 5 meters, offering accuracy and durability. It features a retractable metal blade with clear markings and a sturdy, impact-resistant casing.

Product Overview

Professional Grade Measuring Tape

This 5-meter retractable metal measuring tape is engineered for precision and durability in professional environments. Featuring a robust, impact-resistant casing and a clear, easy-to-read blade, it is designed to withstand the rigors of daily use on job sites. The integrated belt clip ensures the tool is always within reach, making it an essential companion for construction, carpentry, and general maintenance tasks.
