

Retro Style 125cc Street Motorcycle

This motorcycle showcases a classic, retro design with a red frame and chrome accents. It is equipped with a small displacement four-stroke engine, ideal for navigating city streets.

Overview

Classic Design Meets Urban Utility

The HL480 125cc street motorcycle combines a timeless retro aesthetic with the practical reliability required for daily urban commuting. Featuring a signature red frame contrasted with durable chrome accents, this model is built for style without compromising on function. Its compact four-stroke engine provides an efficient riding experience, while the inclusion of a rear cargo rack and essential safety components makes it a versatile choice for professional buyers.
