

# Retro Style 50cc Gas Scooter with Chrome Trim

This gas scooter features a classic, retro aesthetic with chrome-plated trim, evoking a European style. It is available with 50cc and 125cc engine options.

## ADDITIONAL IMAGES

## Overview

### Classic European Retro Styling

This 50cc gas scooter combines a timeless European aesthetic with modern performance, featuring elegant chrome-plated trim and a classic rocker shock mitigation system. Designed for urban commuters who value style, it offers a refined riding experience with an upgraded CVT system for smooth handling. With multiple front panel options and premium finishes like a red padded seat and whitewall tires, it stands out as a sophisticated choice for city travel.
