

Retro Style Step-Through Scooter

This scooter features a retro-style step-through frame design. It includes a front fender with a chrome bar, orange indicator light, headlight, and a luggage rack behind the seat.

Product Overview

Retro Elegance Meets Modern Utility

This retro-style step-through scooter combines classic aesthetics with practical design features for urban mobility. Built with a distinctive step-through frame, it offers easy accessibility for riders while maintaining a stylish, vintage appearance. The unit is equipped with essential safety and utility features, including a luggage rack for cargo, making it a versatile choice for professional or personal transport applications.
