

Retro Style Television with Floral Display

This television features a retro design with a modern LED/LCD screen. The display shows a floral image, and the unit includes visible speakers and a central control dial.

Product Overview

A Fusion of Retro Aesthetic and Modern Visuals

This television combines a classic, nostalgic design with a vibrant modern display. Featuring a distinctive red frame and an iconic front-facing speaker configuration, it serves as both a functional electronic device and a statement piece for interior decor. The high-definition screen is optimized for displaying crisp imagery, such as its signature floral scenes.
