

Rice Paper Masking Tape

This rice paper masking tape is designed for painting, crafting, and masking applications. It offers clean lines and easy removal without leaving residue.

Product Overview

Professional Grade Rice Paper Masking Tape

This high-quality masking tape features a specialized crepe paper backing coated with an acrylic water-based adhesive, designed to deliver clean, sharp lines for professional painting and decoration projects. Engineered for versatility, it offers excellent adhesion to various surfaces including wood, plastic, metal, and paper, while ensuring easy removal without leaving sticky residue behind. With built-in UV resistance, this tape is a reliable choice for both indoor and demanding outdoor applications.
