

Ride-On Floor Sweeper

This ride-on floor sweeper is designed for efficient cleaning of large areas. It utilizes a powerful scrubbing system and squeegee for water removal.

Overview

High-Efficiency Ride-On Cleaning

The Ride-On Floor Sweeper is a highly efficient cleaning solution featuring a novel, compact design that integrates both sweeping and suction capabilities. Its small turning radius and lightweight construction make it exceptionally maneuverable in tight spaces while remaining economical and durable for long-term use. This machine delivers excellent performance, leaving floors clean and dry in a single pass, making it ideal for various commercial and industrial applications.
