

Right-Hand Drive 5-Door SUV with 1.8L Engine and Automatic Transmission

This right-hand drive SUV is equipped with a 1.8L engine and automatic transmission. It features a 5-door configuration, making it suitable for various driving conditions.

Overview

Robust 5-Door SUV

This right-hand drive 5-door SUV is engineered for versatility and reliability, featuring a 1.8L engine paired with a 4-speed automatic transmission. Designed with a unitary body construction and four-wheel disc brakes, it offers a balanced driving experience suitable for various road conditions. With a minimum ground clearance of 180mm and a climbing gradient capacity of 30%, it is built to handle both urban environments and challenging terrain.
