

Roadside Emergency Warning Triangle

This reflective warning triangle is designed for roadside safety. It features a stable base and high-visibility reflectors to alert approaching traffic to vehicle breakdowns or emergencies.

Product Overview

Roadside Emergency Safety

This reflective warning triangle is an essential safety device designed to increase visibility during roadside breakdowns or emergencies. Featuring a high-visibility orange frame and bright red reflectors, it ensures approaching traffic is alerted to your presence in various light conditions. The design includes a robust base for secure placement on uneven surfaces, ensuring reliable performance when you need it most.
