

# Robotic Vacuum Cleaner with Mop and UV Sterilization

This robotic vacuum cleaner is equipped with sensors for obstacle avoidance, edge detection, and stair avoidance. It features programmable cleaning schedules, automatic recharging, a mop for wet cleaning, and a UV lamp for bacteria elimination.

**Features:**

- Can auto-cleaning and auto-charging (before the battery's power run out, the cleaner will search the station and charge automatically)
- Charging time can be set to clean at a certain time any day (some day all days of each week)
- With stair avoidance sensors for avoid the cleaner falling down
- With non-slip bumper (when meet barrier, it will rebound, but not slip)
- With touch-sensitive sensor to get out of the tight places, such as sofa, bed and more
- With virtual wall (if you need clean one certain certain area only, you may open the virtual wall, the cleaner will never go out the room/area)
- With wireless remote controller, you use it to select the cleaning speed, set cleaning time, speed, docking and timing cleaning
- With mop for wet cleaning the floor
- With UV lamp to kill the bacteria on the floor
- Low noise only about 55dB
- Easy cleaning design
- Size is only 32 (diameter) x 8.7cm

**Parameters:**

- Charge time: 5 hours
- Working time: 100-120minutes
- Battery capacity: 2200mAh
- Dust capacity: 0.37L
- Size: 32x8.7x8.7cm

**Accessory:**

- Auto charging station x1
- Spare battery x1
- Remote controller x1
- Adaptor x1
- Extra side brush x2
- Extra filter x2
- Dust brush x1
- Mop x1
- Docking station sticker x1
- Manual x1

## ADDITIONAL IMAGES

## Product Overview

### Intelligent Cleaning Solution

This advanced robotic vacuum cleaner offers a comprehensive cleaning solution with both vacuuming and mopping capabilities. Equipped with a built-in UV lamp for bacteria elimination, it ensures a healthier living environment. Its smart navigation system includes stair avoidance and obstacle detection, making it a reliable and efficient choice for automated home maintenance.

## Performance Metrics

### Working Time

**100 min**

Min Working Time

**120 min**

Max Working Time

Battery Capacity	2200 mAh
Charging Time	5 hours
Noise Level	55 dB

## Physical Specifications

Dimensions	32cm (diameter) x 8.7cm (height)
Dust Bin Capacity	0.37 L

## Features & Technology

### Navigation Sensors

- Stair avoidance sensors
- Non-marring bumper
- Touch-sensitive obstacle sensor
- Virtual wall capability

### Cleaning Features

Vacuuming, Mopping, UV Sterilization, Auto-Charging, Scheduled Cleaning

## Package Contents

### Included Accessories

Item	Quantity
Auto-charging station	1
Space isolator	1
Remote controller	1
Adapter	1
Side brushes	2
Filters	2
Dust brush	1
Trailing bar	1
Mop	1
