

# Robotic Vacuum Cleaner with UV Sterilization

This robotic vacuum cleaner provides automated floor cleaning with UV sterilization. It includes features like scheduled cleaning, stair avoidance, and quiet operation.

- Features:**
- Can auto-cleaning and auto-charging (Before the battery's power run out, the cleaner will search the station and charge automatically)
  - Cleaning time can be set to clean at a certain time every day /once day all days of each week
  - With stair avoidance sensors for avoid the cleaner falling down
  - With non-reversing bumper (when meet barrier, it will rebound, but won't stop)
  - With touch-sensitive sensor to get out of the tight places, such as sofa, bed and more
  - With virtual wall (if you need clean one room's corner area only, you may cover the virtual wall, the cleaner will never go out the room/area)
  - With remote control, you use it to select the cleaning speed, set cleaning time, speed, docking and timing cleaning
  - With mop for wet cleaning the floor
  - With UV lamp to kill the bacteria on the floor
  - Low noise only about 55dB
  - Easy cleaning design
  - Size is only 32 (Diameter) x 8.7cm
- Parameters:**
- Charge time: 5 hours
  - Working time: 100-120minutes
  - Battery capacity: 2200mAh
  - Dust capacity: 0.37L
  - Unit size: 32\*8.7cm
- Accessory:**
- Auto charging station x1
  - Spare battery x1
  - Remote controller x1
  - Adaptor x1
  - Extra side brush x2
  - Dust filter x1
  - Dust brush x1
  - Trailing bar x1
  - Filter x1
  - Docking station sticker x1
  - Manual x1

## ADDITIONAL IMAGES

## Product Overview

### Automated Cleaning with UV Sterilization

This advanced robotic vacuum cleaner offers a comprehensive floor maintenance solution by combining automated vacuuming with integrated UV sterilization to eliminate bacteria. It features intelligent navigation, including stair avoidance sensors, touch-sensitive obstacle detection, and a virtual wall function for targeted cleaning. With a low operating noise of 55dB and a multi-functional remote, it ensures a quiet, efficient, and customizable cleaning experience for any home.
