Product Overview

Professional Round LED Panel Light

This round LED panel light is designed for versatile indoor lighting applications, offering a slim profile suitable for both ceiling and wall mounting. Combining a durable aluminum and acrylic construction with efficient LED technology, it provides uniform illumination across a wide range of color temperatures. With its energy-efficient performance and robust design, it is an ideal solution for modern residential and commercial lighting projects.

Technical Specifications

Dimensions	D150 x H20 mm
Construction Materials	Aluminum, Acrylic

Performance Metrics

Key Performance Indicators

9 W Power	80 CRI	0.5 Power Factor
---------------------	------------------	----------------------------

Luminous Efficiency	70-90 lm/w
---------------------	------------

Electrical Data

Ingress Protection

IP20

Input Voltage	180-265V
Color Temperature Range	2800-7000K

Compliance & Warranty

Warranty Period	2 years
Certifications	ETL, SAA
