

Round Point Shovel with Wooden Handle

This round point shovel is designed for gardening and landscaping. It features a durable wooden handle for comfortable grip and leverage.

Product Overview

Professional Round Point Shovel

This round point shovel is engineered for heavy-duty gardening, landscaping, and soil management tasks. Featuring a heat-treated carbon steel blade with a durable powder coating, it offers exceptional resistance to wear and corrosion. The ergonomic wooden handle provides a comfortable grip and superior leverage for efficient digging, transplanting, and material handling.
