Overview

Energy-Efficient Illumination

This round surface-mount LED panel light is engineered for versatile application in both residential and commercial environments. It features a clean, white finish and a diffused light output designed to provide uniform, general illumination. Built with durable housing and high-quality LED components, it offers a reliable, long-lasting lighting solution for indoor spaces.

Technical Specifications

Power Rating

10 W

Power Consumption

Operating Conditions

Parameter	Value	Unit
Ambient Temperature (T _a)	45	°C
Case Temperature (T _c)	75	°C

Input Voltage	220-240V
Frequency	50/60Hz
Output Current	250 mA
Power Factor (PF)	0.5

Compliance & Standards

Certifications	CE, RoHS
