

Rubber Sleeve for Tool Grip Enhancement

This rubber sleeve provides a protective layer and enhances grip on tools. Its durable rubber construction offers resistance to wear and tear.

Product Overview

Rubber Sleeve for Tool Grip Enhancement

This rubber sleeve is designed to provide a protective layer and enhance grip for various tools and equipment. Its textured surface ensures a secure hold, while the durable rubber construction offers excellent resistance to wear and tear. The sleeve is engineered for a precise fit, ensuring optimal performance and longevity in demanding work environments.

Technical Specifications

Item Code	RCD-0715
Length	7 inch
Material Type	Rubber

Logistics & Packaging

Pack Size	24 PCS
Gross Weight	5 KG
Net Weight	4 KG
Measurements (cm)	23 x 19 x 34
40' FCL Capacity	46824 PCS
