

SAA Approved Power Cord with Australian Plug

This power cord is suitable for various electric appliances requiring SAA standard compliance. It features a three-pole Australian plug.

Product Overview

Professional Grade SAA Power Cord

This SAA approved power cord is engineered for safety and reliability in Australian electrical applications. Featuring a robust three-pole design, it conforms strictly to the AS/NZS3112 standard, ensuring compatibility with standard wall outlets. The cord is built for durability and flexibility, making it an ideal component for professional electrical and appliance integration.
