

SAA Compliant Extension Socket

This extension socket is compliant with SAA standards. It is suitable for use with electrical appliances requiring Australian standard plugs.

Overview

SAA Compliant Extension Socket

This SAA-approved extension socket is engineered to meet rigorous Australian and New Zealand electrical safety standards. Designed for reliability, it features a 3-pin configuration suitable for various household and industrial applications. Built with robust materials and strain relief, it ensures long-term durability and secure connectivity for your power requirements.
