Overview

Reliable Starting Power

This sealed lead-acid battery is engineered for consistent cranking performance in heavy-duty truck applications. Featuring a maintenance-free design with advanced construction, it offers exceptional durability and corrosion resistance. Built to withstand demanding conditions, this battery ensures uninterrupted power and long-lasting service life.

Technical Specifications

Rated Capacity

105 AH/20HR
Capacity

Rated Voltage	12 V
Dimensions (L*W*TH)	329 x 171 x 215 x 237 mm
Gross Weight	23.8 kg
Group Number	F53

Construction & Materials

Battery Type

Sealed • Maintenance Free

Core Materials

- Lead and Acid (Internal)
- PP (Container)
- PE (Separator)

Compliance & Availability

Certifications	ISO9001, ISO14001, OHSAS18001, CE, UL
OEM Availability	Yes
