

Self-Priming Centrifugal Pump

This self-priming pump is designed for efficient fluid transfer. It features robust construction with corrosion-resistant materials for durability and long service life.

Product Overview

High-Performance Industrial Pump

This self-priming centrifugal pump is engineered for efficient fluid transfer across diverse industrial environments. Built with high-grade, corrosion-resistant materials, it ensures long-term durability and reliability in demanding operational conditions. Its advanced self-priming design facilitates easy start-up and reduces maintenance requirements, making it a dependable choice for consistent performance.

Operational Features

Suitability	Clean Liquids, Slightly Contaminated Liquids, Industrial Transfer
Maintenance	Minimal

Construction

Material Grade
Corrosion-Resistant • Robust Construction
