

# Semi-Trailer Truck Chassis with Fifth-Wheel Coupling

This is a semi-trailer truck chassis designed for connecting to and hauling trailers. It is equipped with a fifth-wheel coupling and heavy-duty suspension.

## Product Overview

### Professional Semi-Trailer Truck Chassis

This blue cab-over semi-trailer truck chassis is engineered for reliable heavy-duty logistics and long-haul transport. Equipped with a professional-grade fifth-wheel coupling, it offers seamless integration with various semi-trailers. Its robust chassis design, featuring heavy-duty tires and specialized suspension, ensures stability and safety when hauling substantial payloads in industrial environments.

## Technical Features

Configuration	Cab-over
Coupling	Fifth-wheel
Vehicle Attributes	Heavy-duty tires, Heavy-duty suspension, Industrial design
