

Shaving Brush Set with Wood and Metal Handles

This set includes three shaving brushes with different handle designs. They feature soft bristles and wood and metal handles, ideal for wet shaving.

Product Overview

Professional Shaving Brush Collection

This premium shaving brush set features three distinct designs combining the natural aesthetic of wood with the durability of metal. Engineered for professional grooming, these brushes utilize ultra-soft bristles that excel at creating a thick, rich lather for a superior wet shaving experience. The ergonomically crafted handles ensure a secure and comfortable grip, making them a perfect addition to any high-end grooming inventory.
