

Shielded Category 6 Ethernet Cable

This Cat6 cable contains four twisted pairs with shielding to ensure signal integrity and minimize interference. It supports 10BASE-T, 100BASE-TX, 1000BASE-T, and 10GBASE-T Ethernet standards for robust connectivity.

Overview

High-Performance Networking Solution

This Shielded Category 6 Ethernet Cable is engineered to deliver reliable data transmission in demanding network environments. Featuring four twisted pairs with advanced shielding, it effectively reduces interference and ensures superior signal integrity. It is fully compatible with a wide range of Ethernet standards, including 10BASE-T, 100BASE-TX, 1000BASE-T, and 10GBASE-T, making it an ideal choice for professional networking applications.

Technical Specifications

Cable Type	Category 6 (Cat6) Shielded
Construction	Four twisted pairs

Compliance & Standards

Supported Standards	10BASE-T, 100BASE-TX, 1000BASE-T, 10GBASE-T
