

Silicon Carbide Waterproof Abrasive Paper

This silicon carbide abrasive paper is suitable for both wet and dry sanding. The electro-coated abrasive grains are bonded to a waterproof kraft paper backing for durability and consistent performance on metal, wood, and plastic.

Product Overview

Professional Abrasive Paper

This silicon carbide abrasive paper is engineered for high-performance wet and dry sanding tasks. Featuring electro-coated abrasive grains on a durable, waterproof kraft paper backing, it ensures consistent finishing results. It is a versatile choice suitable for processing wood, metal, and plastic surfaces.

Physical Properties

Dimensions	230 x 280mm (9 x 11 inches)
------------	-----------------------------

Material Composition

Abrasive Type	Silicon Carbide (SiC)
Backing Material	Waterproof Kraft Paper
Coating Process	Electro-coated

Packaging & Logistics

Inner Packing	100 sheets/pack
Outer Packing	10 packs/ctn

Usage

Suitable Materials

- Metal
- Wood
- Plastic

Application Modes	Wet Sanding, Dry Sanding
