Product Overview

Premium Surface Protection & Shine

This silicone-based polish is engineered to clean, protect, and restore the natural luster of vehicle dashboards, leather, and synthetic surfaces. Its advanced formula creates a static-free, UV-resistant barrier that prevents aging and bacterial growth, ensuring a healthier environment for passengers. Suitable for both automotive and home furniture applications, it leaves a long-lasting glossy finish with a choice of pleasant fragrances.

Key Features

Protective Benefits

Static-free, UV-cut, Anti-aging, Antibacterial, Glossy Finish

Physical Properties

Net Weight

260 g

Volume per Unit

450 ml
