

Single Burner Stainless Steel Gas Stove

This single burner gas stove features a stainless steel panel. It utilizes piezoelectric ignition and a rotary burner cap for efficient and reliable cooking.

Product Overview

Compact Single Burner Solution

This single burner gas stove is designed for efficiency and durability, featuring a robust stainless steel panel suitable for home kitchens. Its compact footprint makes it an ideal auxiliary cooking appliance or a primary solution for smaller living spaces. With a cast iron burner and brass burner cap, it offers reliable performance for daily culinary needs.
