

Single-Color Offset Printing Machine

This single-color offset printing machine is designed for efficient printing. It features a robust inking system and precise paper feeding for consistent results.

Product Overview

Professional Offset Printing Solution

This single-color offset printing machine is engineered for high-efficiency planographic and code printing. Featuring an advanced NP unit system, it delivers superior print quality with solid color density and precise ink distribution. Designed for versatility and reliability, this press is an ideal solution for businesses requiring consistent, high-quality output across a wide range of paper types.

Performance Metrics

Printing Speed

8000 sheets/hr
Max Speed

2000 sheets/hr
Min Speed

Technical Specifications

Printing Capacity

Feature	CF561I-NP	CF471I-NP
Max Printing Area	544 x 380mm	454 x 345mm
Max Paper Size	560 x 390mm	470 x 365mm
Min Paper Size	200 x 148mm	90 x 140mm

Supported Paper Weight	17-250g
Registration Mechanism	Roller type side lays

Ink & Dampening System

Ink Rollers

- Main machine system: 14 pieces (3 form rollers)
- NP system: 6 pieces (2 form rollers)

Dampening Rollers	4 pieces (1 form roller)
