

Single-Cylinder Four-Stroke Motorcycle Engine

This is a single-cylinder, four-stroke motorcycle engine. It features a finned cylinder for air cooling and an electric starter motor.

Product Overview

High-Performance Four-Stroke Engine

This single-cylinder, four-stroke motorcycle engine is engineered for reliability and efficient power delivery. Featuring advanced air-cooling technology via a finned cylinder design, it ensures optimal thermal management during operation. Equipped with an integrated electric starter motor, this unit provides consistent performance suitable for various motorcycle applications.

Technical Specifications

Cooling System

Air-cooled

Engine Type

Single-cylinder, four-stroke

Starting System

Electric Starter

Design & Build

Key Features

- Finned cylinder for enhanced heat dissipation
- Integrated spark plug
- Electric starter motor included

Finish Color

Silver
