

Single Gang TV and RJ45 Outlet

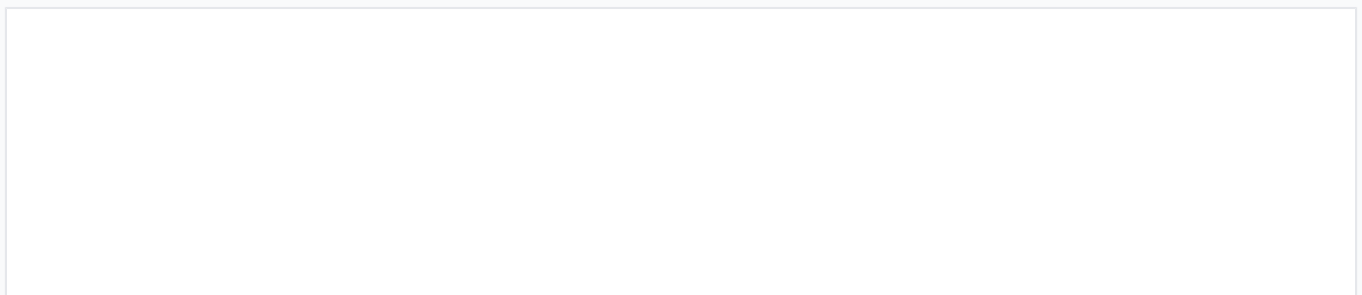

This LAN & TV socket outlet serves as a supplemental and essential wiring device. Its smooth surface, soft edges, glossy finish and pure white color provide an aesthetic appeal.

ADDITIONAL IMAGES

Product Overview

The sleek, glossy white finish and integrated ports provide a clean look for modern interiors.

Integrated Media & Data Connectivity

This essential wiring device combines a TV coaxial socket and an RJ45 LAN outlet into a single-gang unit, offering a space-saving solution for modern connectivity needs. Featuring a smooth surface with soft edges and a glossy white finish, it provides an aesthetically pleasing look that blends seamlessly into residential or commercial interiors. Designed for durability and ease of installation, it ensures reliable access for both television and high-speed network connections.
