

Single Phase Digital Watt-Hour Meter

This meter is designed for measuring electrical energy consumption. It features a digital display showing the kilowatt-hour (kWh) reading with a resolution down to 0.1 kWh.

Product Overview

Static Single-Phase Watt-Hour Meter

This static single-phase watt-hour meter is engineered for precise electrical energy consumption monitoring. It features a clear digital display for accurate kWh tracking with a resolution of 0.1 kWh. Built for reliability, this unit is suitable for standard residential or commercial electrical metering applications.

Technical Specifications

Rated Current

15 A

Base Current

100 A

Maximum Current

Accuracy Class

Class 1

Rated Voltage

230 V

Frequency

50 Hz

Supply Rate

800 imp/kWh
